DECORATIVE

Oriol Llahona, Barcelona

He studied Industrial Design at Elisava Universitat Pompeu Fabra Barcelona, Universität Essen, University Southampton and Graduated in 1999 and Postgraduated in 2004. Internship at Franc FernándezArquitecte where he learned to extract the essence and the soul of things. His works have been shown at Milan, Frankfurt and Tokyo..

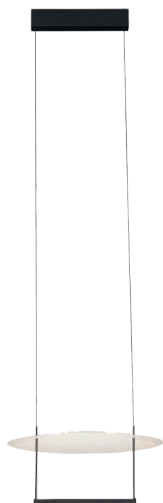

This is a lamp with extremely simple design but harmonious and beautiful lines. Soft light and good environmental lighting effect.
The design of three sizes enables her to adapt to all kinds of spaces from home to engineering, and can bring a sense of harmonious personality to the space.

„Design thinking can be applied to any product or service. Based in our experience, we focus on next areas to provide meaningful designs.”

Oriol Llahona
