

VESTA

*“Devising emotions is our passion, making them
reality is our mission”*

Caterina Migliorini
Designer & Art Director Vesta

OUR FUNDAMENTAL

PASSION & DESIGN

Every object we think and design has a story to tell. Fashion enters the home and Vesta is a brand that mixes three main ingredients: the Italian design with fashion background, the eco-sustainability and a pinch of emotion, that fully enhances the five senses of life.

MADE IN ITALY

Through the industrialization process the company is continuously growing using advanced technology machinery. The productions are all made in-house.

VALUES

CRAFTSMAN SENTIMENT

Through its collaborators, who are true master craftsmen, Vesta combines their know-how with the modern technologies at its disposal. Manual skill and craftsmanship are the company's assets, that are in constant evolution and experimentation

SUSTAINABILITY

Use of eco-sustainable materials from recycled processing waste and from bio-attributed sources with a reduced carbon footprint.
